

A publication of Florida Swimming Pool Association

## 2020 Advertising

### Quality Readership

*Florida Pool Pro*<sup>sm</sup> is published to provide relevant, useful, timely information for the pool and spa industry in Florida. Readers represent the key audience for any business offering products and services to this active and vital portion of Florida's business community - builders, service companies, retailers and allied professionals.

### Circulation and Distribution

The 24-page magazine is distributed to Association members and other interested readers, principally in Florida, and is further distributed at special events throughout the state. The magazine is mailed first class to members and 25 copies each are sent to distributors' locations to place on service counters (SCP, Superior Pool Products, HornerXpress, Gorman and Florida Water Products). FSPA members are also e-mailed an electronic version of the magazine with the print ads as links to the web. Local Chapter meetings also have magazines available for members of the industry to pick up, read and reference.

### Staying Power

Because of its role as a vital communication link among members of this business audience, *Florida Pool Pro*<sup>sm</sup> is read, kept, referred to, shared, filed and continually referenced in an ongoing manner by those who receive it. The magazine includes the latest legislative action on a local and state level, updates of state level committee activities, local Chapter news and a detailed calendar of upcoming meetings and events.

### Advertising Value

You will be reaching Florida industry professionals on a timely basis as they read about their trade association, their industry, their peers and the governmental actions impacting them.
